

## Emergency Contact

Should a family member need to reach you in an emergency, the Washington Family Ranch landline number is: (541) 489-3100

## Basic Questions

1. Where is check-in? We will have signs to direct you to the check-in building once you arrive.
2. **You will need to fill out a release form before** you check in for Man Camp. You have two options: Print off the attached release form and bring it with you **or** make sure you have all of the information ready to fill out once you arrive at camp. We will have printed versions at check-in.
3. Make sure you have enough gas to get out to Man Camp and **ALSO** make it back to civilization after the weekend.
4. You will need to get dinner on the way to camp, as it will not be provided Friday evening. The last opportunity for food and gas depends on which direction you are coming from. Coming from I-84? Biggs junction is the last food stop. Coming over the mountain? Madras will be the last food stop.
5. We will leave camp around 11:30am on Sunday and everyone will be provided with a box lunch for the ride home.
6. You will need to bring all of your own toiletries – shower soap is not provided.
7. There will be no cell service or Internet while at camp. We will have a few calling cards on campus in case of emergencies.
8. If you use a GPS, there is a chance you will get lost. We recommend for you to check out their website:

(copy and paste). You will not want to take Fossil or the back road of their property because it will not be maintained for the season... no matter how big your truck is.
